

Information COVID -19 (7)

Following the previous announcements of the President of IST regarding COVID-19, and in order to guarantee the continuity of teaching activities, as normal as possible, a set of technical instructions for conducting classes by videoconference, were made available at :

<https://tecnico.ulisboa.pt/pt/aulas-por-videoconferencia/>

It is suggested that all the professors test this platform in order to anticipate any difficulties or doubts. Questions about this system, exclusively technical nature, should be addressed by e-mail to:

si@tecnico.ulisboa.pt.

The following measures are also recommended for the IST faculty:

- Ensure that meetings with students to clarify doubts are scheduled electronically.
- Ensure that summaries are published on the day of the class.
- Make all support material available at Fenix as soon as possible, recommending that it is done before the respective classes.
- The continuous evaluation methods should preferably be replaced by alternative continuous assessment components.
- It is recommended to prepare tests and exams in advance as a preventive measure in view of the possible forced absence of the teaching staff.

Doubts of pedagogical nature (namely teaching, evaluation and assessment methodologies), should be addressed by email sent to cp@tecnico.ulisboa.pt

Rogério Colaço
President of IST
