

Information COVID -19 (14)

To the entire community of Técnico.

The Order 102/CG/2020 which I signed on this friday, May the 8th, <https://tecnico.ulisboa.pt/files/2020/05/d-102.pdf>, determines that from next Monday, the 11th, the use of a mask is mandatory inside the any of the campi of the IST.

Thus, not only the members of the IST community (students, teachers, researchers, technicians, administrative and operational staff) who go to the campuses in the scope of punctual activities or activities exceptionally authorized (namely management activities, maintenance, or activities in the scope of the IST fight against COVID19), but also all the suppliers and service providers (namely security, maintenance and cleaning) will have the access and presence on the campuses conditioned to the use of the mask.

In the case of all those who provide activities duly authorized by the Management Board and strictly necessary for the operation of the IST, and who do not have a mask at the entrance, they may request this equipment at the entrance gates.

I wish you all good health and an excellent week of work.

Rogério Colaço

President of IST
